

Community Work

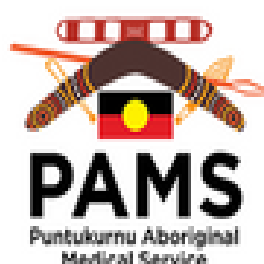

A commitment to support the communities in which we work.

MARTEQ ENERGY values the relationships that we've built in the industry and the communities in which we work in. We have a strong history of recruiting and developing people in local communities.

Each year, we support many local charities, events and programs, community and sporting groups providing us with opportunities to give back to communities. We also have a Buy Local Policy to support local industries and businesses.

Indigenous support

We are a founding partner of Connection - a not-for-profit organisation that exists to provide Indigenous youth (aged between 12 to 18 years) in the remote communities of Wiluna, Leonora and surrounding regions in Western Australia with educational opportunities. We are also proud sponsors of Ngala which supports parents, families and communities to enhance the wellbeing and development of children and young people.

NEW OUT OF SCHOOL PROGRAM FOR NEWMAN YOUTH

The McGowan Government has provided funding to YMCA WA for the delivery of a new school holiday and out of school hours program in Newman.

The Newman structured school holiday and out of school hours program will provide young people in the area greater opportunities to participate in high-quality sport, recreation and culturally based activities and experiences.

The program aims to address the gaps in servicing provided for local children and young people through the introduction of planned activities and programs in the out of school hours, weekend and school holiday periods.

The program is coordinated by YMCA WA and is co-designed and supported by a range of government and non-government community partners.

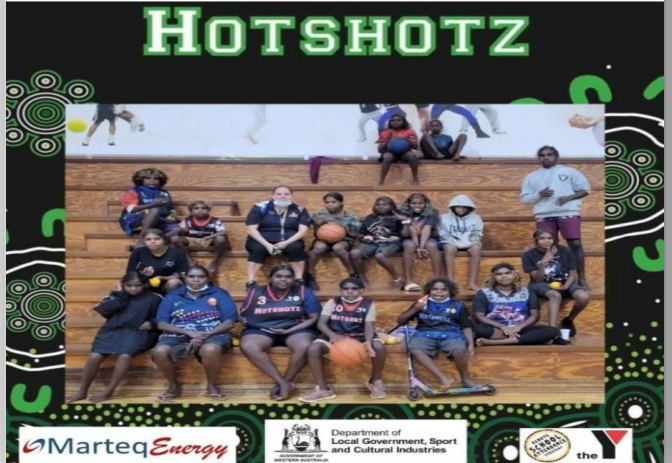

Great to catch up with Leanne and the team on Friday who will be helping to deliver this program for the Newman community. Also - thank you to Marteq Energy for their sponsorship of food for the Saturday night youth basketball program called "Hot Shotz," and thank you to Bendtech Group for sponsoring basketballs and uniforms. Great to see local businesses coming together to support these initiatives.

SUPPORTING INDIGENOUS STAFF VIA SPONSORSHIP TO ATTEND

SRILANKA MISSION TRIP

Hi Tina and Santhana,

Here are some photos from my trip to Sri Lanka.

During the 7 days I was away, I got to have a life changing experience with other members of Kingdom City worldwide.

Each day was spent attending Chapel first thing in the morning before heading out with our teams to various locations to work with men in Drug and Alcohol Rehabilitation Centre, Kids School in the Slums, Blind School for children and attend a Women's Prison all in Colombo.

I had the opportunity to give my time to people who needed it by just giving a helping hand. I have returned to Australia feeling more grateful for the conditions we live in and also feeling like my heart is full as I got to impact so many lives in such a short amount of time.

Thank you so much for sponsoring me and allowing me to be able to be a light in the world for people in dark places.

Shany
